Our message:

Al-Ihsan Charitable Society to care and rehabilitate disabled people was established in Hebron in 1983 for human purposes which aim to:

Take care and rehabilitate disabled people.

Prevent the disability.

Provide moral and substantial assistance for the occupants.

Merge the disabled in the local society.

Establish school for disabled people Provide suitable assistance through the society sections at least cost.

Administrative department:

there is a direct relation with the employee according to the society needs .it is superior of its continuous work and supervising.

The Employees:

we have about (70) employee .there is a section to take care of their issues and make a connection between them and the administration to fulfill the society aims.

Public relation department:

it works at two levels; external and internal to support the society aims by developing its connection with the other association and the local society. With assistance from the media section which recognize people of all the society news and its improvement.

Sponsorship program:

it is an idea to encourage people to support the society and its needy occupants.

Social work section:

it forms the connection cycle between Al- ihsan and people, in the local society. it studies the applications of the cases and makes visits to the disabled families in order to help them.

Occupational therapy department:

to increase the self-confidence and to improve their physical ability in order to be able to live as ordinary people.

Physiotherapy department:

it is a special section in Alhsan Society, presents its services for outside patient .there are all modern equipments besides to the qualified experts. Recently a medical pool and jakouze were added..

Language, speech and Audio sections:

It provides treatment for the occupants and outside patients. It give advice and instruction how to know if there is disability "early diagnosis of disability"

There are modern equipments in the sections:

Audiometer-Tympanometer silent Room.

Medical department:

it provides its services for the occupants and outpatients during 24 hours through qualified doctors and nurses.

Internal Department:

It consists of three sections:

- 1. Disabled children section: There are (63) disabled children there ages arrange between 3-13 years old.
- 2. Disabled female section: there are 21 beds in.
- 3. Disabled male section: there are 22 beds in.
 All sections are supervised from a specialist nurses.

The occupants are provided of the services during 24 hours. These services include the medical services, food, lodging, occupational & rehabilitation treatment, and the speech treatment.

Medical laboratory:

There are modern equipment and specialists to present special services for the patients inside and outside the society.

Dental clinic:

Because taking care of the teeth is essential and important, a dental clinic was established in order to present services for the occupants and outpatients at least cost.

Dar Al-Shefa' for rehabilitation and nursing care:

To give the best services to the patients who suffer from a disease or an accident depending on a course consists of (Physiotherapy treatment, Language, speech treatment, occupational treatment, moral assist and nursing care).

It aims to:

- 1. Present the rehabilitation and nursing care for the patients in the Hebron district.
- 2. Help and reduce the cost on the patients' families.
- 3. Present the supersensible assistance for the patients and their families.
- 4. Train families how to deal with their patients in the future.

Projects under construction:

"Mohammad ben Rashed All-Mktoom Association School for the Special Needs":

By establishing the school, we aim to:

- 1. Give the disabled a chance to be learned, trained and rehabilitated.
- 2 merge them with the other people in the local society trough a special courses depending on the level of the student.
- 3. Improve their self-confidence.
- 4. Prepare special educational programs depending on the local society needs.
- 5. Improve the awareness' level about the disabled and their problems.
- 6 .find a qualified team to work in the school.

Disability is not a crime to discriminate who suffer from it, we should help the disabled and give them a chance to develop themselves and have ability to be merged in the society.
